Dear Sir:

I hope this letter finds you in good health and high spirits. I am writing on behalf of the Gadaa Istar Business Group, a company that stands as a beacon of innovation and progress in the business world which was founded by the visionary entrepreneur Mr. Biniyam Hailu. As we look to the future, we are excited to introduce a groundbreaking initiative that embodies our commitment to innovation, sustainability, and the well-being of our community. We are pleased to present our proposal for the creation of G-Istar New City in Addis Ababa.

Introduction

Gadaa Istar Business Group, under the visionary leadership of Mr. Biniyam Hailu, has been a stalwart in the world of business, guided by its steadfast commitment to innovation, sustainability, community empowerment, excellence, and pioneering leadership. Even if the project becomes at infant stage, the heart of our mission lies a profound belief that the future

can be shaped for the better, and it's this belief that has propelled us to introduce an ambitious and transformative endeavor: the G-Istar New City.

G-Istar New City is more than just a city; it is a visionary project that seeks to redefine urban living through the integration of advanced technology, sustainable practices, and a commitment to enhancing the quality of life. This smart city initiative reflects Gadaa Istar's dedication to innovation and community well-being. By leveraging technology and sustainable urban planning, G-Istar New City aims to set a new standard for urban development. In this introduction, we will delve into the project's brief overview, its objectives, and the profound significance it holds for our community and beyond.

The G-Istar Real Estate project within the ambit of Gadaa Istar Business Group stands as a testament to our unwavering commitment to innovation, sustainability, and community development. Nestled in the vibrant heart of Addis Ababa, this ambitious venture, spanning an impressive ground plus 25 floors, represents a pioneering step towards redefining urban living and commerce. With a meticulously planned multi-purpose design, it offers a dynamic trading and marketing center on the lower three floors, a modern and collaborative office center on floors four to six, and a comfortable and sustainable residence center from the seventh to the twenty-fifth floor. This monumental undertaking, covering 15,000 square meters of land and accommodating six apartment buildings, not only addresses the growing demand for contemporary living and working spaces but also contributes to 300 employees opportunity, economic growth, and environmental responsibility. Through this venture, we aim to set a new standard in real estate development, encapsulating the core values of Gadaa Istar innovation, sustainability, affordability, quality, excellence, and community empowerment.

Beyond G-Istar New City and Real estate, the Gadaa Istar Business Group extends its influence and impact through a family of sister companies that harmoniously complement and reinforce one another's endeavors. Gadaa Istar Business group is a mother company of 4 sister companies. They are:

G-JILLA Textile, Apparel, and Leather Manufacturing: This sister company aligns seamlessly with Gadaa Istar, creating a comprehensive supply chain for textile, apparel, and leather products.

G-Farm: Committed to sustainability, G-Farm focuses on sustainable agricultural practices to ensure a reliable source of high-quality raw materials for the broader business group.

G-Plus Burger and Related Products Manufacturing: In the food industry, G-Plus Burger specializes in producing high-quality burger and related food products, maintaining the same dedication to excellence seen throughout the group.

G-Empire: Pioneering innovation, G-Empire explores technology-related fields, driving digital transformation and pushing the boundaries of what's possible. Collectively, these sister companies reflect Gadaa Istar's commitment to innovation, sustainability, and community empowerment, making the entire family a force to be reckoned with in the world of business

Elements of G-Istar New City

G-Istar New City is not just a city; it is a visionary project that integrates technology, sustainability, and the well-being of its residents. Our concept revolves around creating a smart city that leverages advanced technology to enhance the quality of life, foster sustainability, and drive economic growth. Key elements of our proposal include:

- ✓ **Infrastructure**: Implementing cutting-edge infrastructure solutions that ensure efficiency, resilience, and sustainability in urban planning and development.
- ✓ **Healthcare**: Establishing state-of-the-art healthcare facilities and services that prioritize the well-being of our residents.
- ✓ **Public Safety**: Implementing advanced security systems and emergency response protocols to ensure the safety of our citizens.
- ✓ **Digital Inclusion**: Promoting digital literacy and inclusion to bridge the digital divide and empower our community.
- ✓ **Partnerships**: Collaborating with local and international organizations to bring expertise, resources, and investment into the project.

- ✓ **Transportation**: Developing a modern and efficient transportation network that reduces congestion and promotes environmental sustainability.
- ✓ **Energy Efficiency**: Implementing green energy solutions to minimize our carbon footprint and ensure a sustainable energy supply.
- ✓ **Governance**: Establishing transparent and efficient governance models that prioritize citizen participation and accountability.
- ✓ **Sustainability**: Incorporating eco-friendly practices and green spaces to create a sustainable and harmonious living environment.
- ✓ **Funding**: Securing the necessary funding through a combination of private investment, public-private partnerships, and government support.

Aim of G-Istar New City

The G-Istar New City project represents a visionary urban development initiative that seeks to redefine the cityscape by integrating advanced technology, sustainability, and an elevated quality of life. Our primary purpose is to create a model smart city that not only enhances the well-being of its residents but also sets a benchmark for sustainable urban development. The project's scope encompasses a comprehensive approach, including cutting-edge infrastructure, world-class healthcare facilities, advanced public safety systems, digital inclusion, green energy solutions, transparent governance models, eco-friendly practices, and robust transportation networks. Our target market comprises forward-thinking individuals and families seeking an exceptional urban living experience, as well as businesses looking for an innovative and sustainable environment for growth. The unique selling points and competitive advantages of G-Istar New City lie in its seamless integration of technology and sustainability, its commitment to enhancing the overall quality of life, and its potential to attract investments and partnerships that will drive economic growth. The project's value proposition rests on its promise to offer a modern, sustainable, and technologically advanced living environment that fosters a thriving community and sustainable business opportunities.

Benefit and Opportunities of G-Istar New City

The G-Istar New City project holds immense potential for mutually beneficial outcomes, not only for our organization but also for our valued stakeholders and partners. This visionary endeavor stands to offer stakeholders a unique opportunity for sustainable investments, long-term economic growth, and technological innovation. For our partners, the project aligns seamlessly with their interests and goals, offering avenues for collaborative innovation, shared expertise, and diversified revenue streams. By fostering a vibrant, technologically advanced, and sustainable urban ecosystem, the project underscores our shared commitment to community well-being, environmental responsibility, and economic prosperity. It offers stakeholders the prospect of contributing to the creation of a model smart city, an accomplishment that not only advances their interests but also aligns perfectly with their missions of fostering innovation, sustainability, and community advancement.

Elements of G-Istar Real Estate

A G-Istar Real Estate apartment would encompass several key elements to ensure it aligns with the company's commitment to innovation, sustainability, quality, affordability and community development:

- ✓ **Innovative Design:** The apartments would feature innovative and modern architectural design, maximizing space utilization and ensuring functionality while creating an aesthetically pleasing environment.
- ✓ **Sustainability Features:** To promote sustainability, the apartments would incorporate eco-friendly building materials, energy-efficient lighting and appliances, as well as water-saving fixtures to reduce environmental impact.
- ✓ **Spacious Interiors:** The living spaces would prioritize spaciousness and comfort, with well-designed layouts that offer ample room for daily living, storage, and relaxation.
- ✓ **Amenities:** Residents can expect access to a range of amenities such as fitness centers, recreational areas, and communal spaces, fostering a sense of community and enhancing the quality of life.

- ✓ **Security Measures**: Modern security systems, including surveillance cameras, access control, and on-site personnel, would be in place to ensure residents' safety and peace of mind.
- ✓ **Sustainable Landscaping:** The surrounding environment would be enhanced with green spaces, gardens, and landscaping that promote a sustainable and aesthetically pleasing urban environment.
- ✓ **Accessibility**: The apartments would prioritize accessibility, with features like ramps, elevators, and wider doorways to accommodate residents with mobility challenges.
- ✓ **Community Engagement:** Initiatives and events would be organized to encourage community engagement and a sense of belonging among residents.
- ✓ **Local Services:** Proximity to essential services such as schools, healthcare facilities, and shopping centers would enhance the convenience and quality of life for residents.
- ✓ **Transportation Connectivity:** Convenient access to public transportation options and well-designed parking facilities would cater to residents' mobility needs.

Aim of G-Istar Real Estate

The aim of G-Istar Real Estate is multifaceted, seeking to redefine urban living in Addis Ababa while making significant contributions to employment, social well-being, economic growth, and environmental sustainability. Beyond innovative and eco-friendly apartment complexes, our vision extends to generating a substantial employment impact, with an estimated 300 employment opportunities created across various sectors, including construction, administration, property management, and support services. This commitment not only addresses local unemployment rates but also fosters economic stability within the community. Moreover, our aim is to cultivate vibrant, interconnected neighborhoods within our apartment complexes, where residents engage in social activities and establish a sense of unity, contributing to enhanced social well-being. In parallel, our projects attract investments and stimulate economic growth, generating revenue for the region and supporting ancillary businesses and services. Simultaneously, our unwavering dedication to environmental responsibility ensures that our developments incorporate sustainable practices, eco-friendly

materials, and energy-efficient features, reducing our carbon footprint and setting an example for responsible urban living. Through these comprehensive efforts, the aim of G-Istar Real Estate is to create not only modern, sustainable living spaces but also vibrant, thriving communities that positively impact the lives of residents and contribute to the greater well-being of the city.

Benefit and Opportunities of G-Istar Real Estate

The G-Istar real estate project within Gadaa Istar Business Group presents a wealth of benefits and opportunities that span economic, social, and environmental dimensions. Economically, it stimulates growth by creating job opportunities in various sectors, ultimately reducing unemployment and bolstering income levels. Additionally, it offers diversified investment options, attracting investors seeking long-term returns and financial stability. The project contributes to urban development, fostering a vibrant and thriving community in the heart of Addis Ababa, while its sustainable features promote a healthier and eco-conscious way of life.

Moreover, the real estate venture empowers local businesses and entrepreneurs through its trading and marketing center, encouraging economic growth and fostering a dynamic commercial environment. It also enhances the quality of life for residents by providing modern, comfortable living spaces, catering to the evolving needs of urban dwellers. In sum, this project encapsulates Gadaa Istar's core values of innovation, quality, affordability, efficiency, sustainability, and community empowerment, while offering numerous opportunities for financial growth, job creation, and a higher quality of life for both residents and investors.
